80%
of COVID-19 cases are mild, causing cold- or flu-like symptoms

Source: Chinese Center for Disease Control and Prevention, as reported by the American Medical Association JAMA Network.

Protect Yourself & Others

1. Wash hands frequently with soap and water for at least 20 seconds, and always before eating; after using the bathroom; and after blowing your nose, coughing or sneezing.
2. Avoid touching your eyes, nose and mouth with unwashed hands.
3. Cover your cough or sneeze with a tissue, then dispose of the tissue in the trash.
4. Stay at home when sick until your symptoms are gone.
